

Parcel Savings⁺

UNLOCK **10%** OR MORE IN PARCEL SAVINGS
WITH BANYAN TECHNOLOGY

Banyan's Parcel Savings⁺ program unlocks efficiency in rating and executing domestic and international small package shipments with top Parcel Carriers who move more than 98% of the parcel shipments in North America.

Shippers utilizing Parcel Savings⁺ increase cost savings and experience benefits that are typically available to only high-volume Shippers.

PROGRAM BENEFITS INCLUDE:

- **Carrier and Mode Comparison:**
Rate and compare Parcel and LTL Carriers from a single screen to identify the best option for every shipment.
- **Expanded Carrier Access:**
Execute shipments with the industry's most in-depth domestic and international Parcel Carrier platform.
- **Streamlined Label Generation:**
Generate shipping labels that are compatible with 3rd party scanners and systems.
- **Reduced Data Entry:** Streamline processes and increase visibility in your WMS or ERP systems with direct data integrations to the LIVE Connect API.
